In the ruins of a once-great city, a new world has emerged. A world where the rule of law has crumbled, and the only rule is survival. This is the world of 'Fall of Houston', a gripping post-apocalyptic survival thriller that will keep you on the edge of your seat from beginning to end.

In the wake of an electromagnetic pulse that has plunged the city of Houston into darkness, a group of survivors must band together to rebuild

their shattered civilization and fight off the horrors that lurk in the shadows. Led by a resourceful engineer named Jack, the group includes a doctor, a police officer, a teacher, and a stay-at-home mom. Each of them has their own unique skills and experiences to contribute, but they must learn to work together if they want to survive.

As they struggle to rebuild their lives, the survivors must also contend with the dangers that await them in the post-apocalyptic wasteland. There are feral ghouls, mutated creatures, and other survivors who are willing to do anything to stay alive. The survivors must learn to trust each other and rely on their own instincts if they want to make it through.
