

How I Survived My Summer Vacation

The summer is supposed to be a time for fun and relaxation, but for 12-year-old Sarah, it's anything but. Her parents are getting divorced, her best friend is moving away, and she's stuck spending the summer with her grandparents in a small town where she doesn't know anyone.

Sarah is determined to make the best of it, but it's not easy. She misses her parents and her friends, and she feels like she doesn't belong in this new place. But as the summer goes on, Sarah slowly starts to make new friends and discover new interests. She learns the importance of family, friendship, and forgiveness, and she realizes that even when things are tough, she can always find a way to survive.
