Whether you're a beginner or an experienced skater, this book has something for you. Steve covers everything from basic ollies to advanced aerial maneuvers, with step-by-step instructions, high-quality photos, and insider tips.

The Basics

Before you can start learning advanced tricks, it's important to master the basics. In this section, Steve covers the following:

- Stance and balance
- Pushing and rolling
- Ollie
- Kickflip
- Grind

These are the essential tricks that will serve as the foundation for everything else you learn. Steve provides clear instructions and helpful tips to help you master each trick.

Intermediate Tricks

Once you have the basics down, you can start learning intermediate tricks. In this section, Steve covers the following:

- 50-50 grind
- Nosegrind
- Tailslide
- Bluntslide

- Wallride

These tricks are more challenging than the basics, but they will help you take your skateboarding to the next level. Steve provides detailed instructions and helpful tips to help you learn each trick safely and successfully.

Advanced Tricks

If you're ready to take your skateboarding to the next level, then you need to learn advanced tricks. In this section, Steve covers the following:

- 360 flip
- 720 flip
- 900 flip
- Caballerial
- McTwist

These tricks are some of the most difficult to master, but they are also some of the most rewarding. Steve provides detailed instructions and helpful tips to help you learn each trick safely and successfully.

Vert Skating Tips

In addition to teaching you tricks, Steve also provides helpful tips for vert skating. In this section, he covers the following:

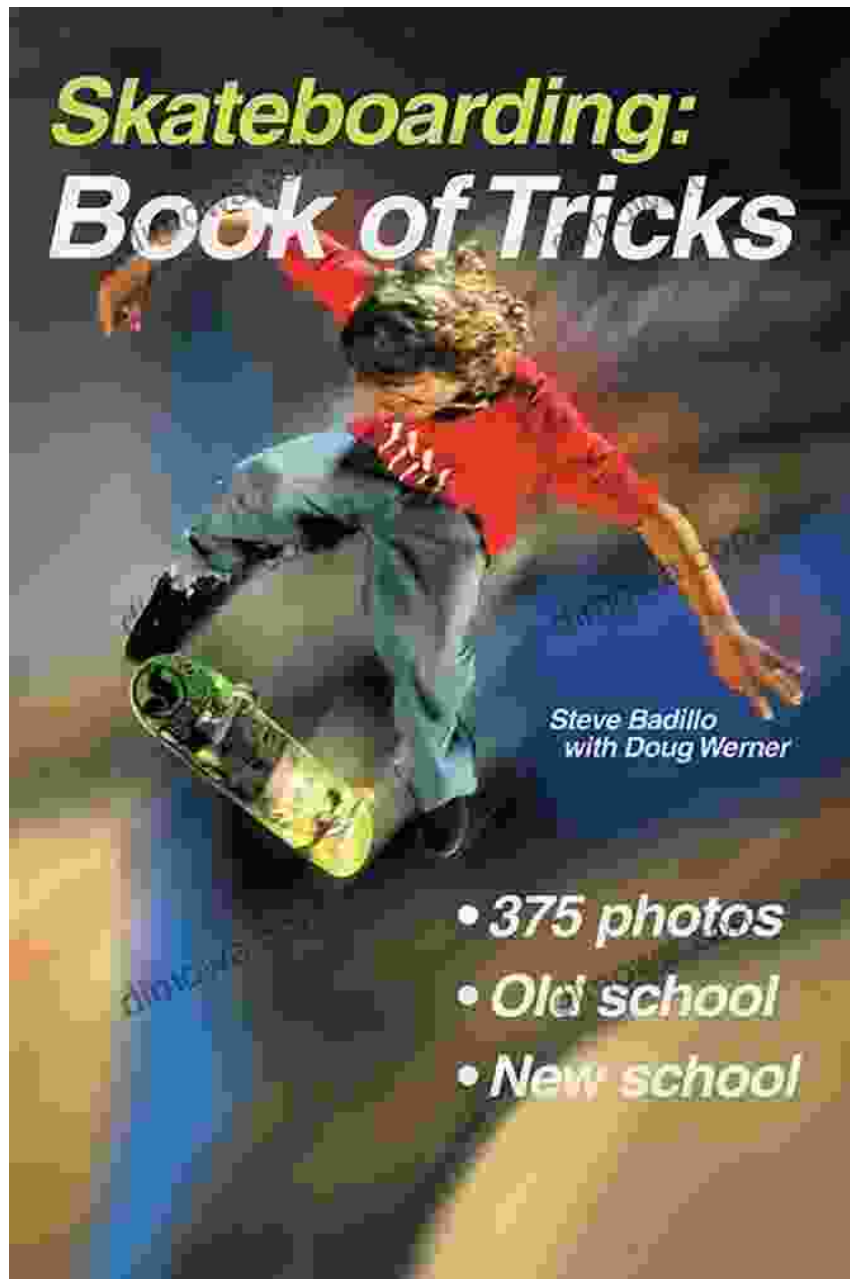

- How to choose the right vert ramp
- How to drop in on a vert ramp

- How to transition from one ramp to another
- How to stay safe while vert skating

These tips will help you make the most of your vert skating experience and avoid injury.

Steve Badillo is a true skateboarding legend. His tricks have inspired generations of skaters, and his knowledge of vert skating is unparalleled. If you're serious about taking your skateboarding to the next level, then you need to read this book.
