- Chapter 1: The Women's Army Corps
- Chapter 2: The Women's Airforce Service Pilots
- Chapter 3: The Women's Royal Naval Service
- Chapter 4: The Women's Auxiliary Territorial Service

- Chapter 5: The Women's Land Army

## **Chapter 1: The Women's Army Corps**

The Women's Army Corps (WAC) was established in 1943 as a separate branch of the United States Army. The WAC was responsible for providing women with the opportunity to serve their country in a non-combat role.

WACs served in a variety of roles, including clerical, medical, and transportation. They also served as cooks, bakers, and mechanics.

The WAC was a huge success. By the end of the war, over 150,000 women had served in the WAC. The WAC was disbanded in 1978, but its legacy continues today. Women continue to serve in the United States Army in a variety of roles.

## **Chapter 2: The Women's Airforce Service Pilots**

The Women's Airforce Service Pilots (WASP) was a group of women who flew non-combat missions for the United States Army Air Forces during World War II. The WASP flew a variety of missions, including ferrying planes, towing targets, and testing new equipment.

The WASP was a success. By the end of the war, over 1,000 women had served in the WASP. The WASP was disbanded in 1944, but its legacy continues today. Women continue to serve in the United States Air Force in a variety of roles.

## **Chapter 3: The Women's Royal Naval Service**

The Women's Royal Naval Service (WRNS) was the women's branch of the Royal Navy during World War II. The WRNS was responsible for providing women with the opportunity to serve their country in a non-

combat role. WRNS served in a variety of roles, including clerical, medical, and transportation. They also served as cooks, bakers, and mechanics.

The WRNS was a huge success. By the end of the war, over 100,000 women had served in the WRNS. The WRNS was disbanded in 1993, but its legacy continues today. Women continue to serve in the Royal Navy in a variety of roles.

#### **Chapter 4: The Women's Auxiliary Territorial Service**

The Women's Auxiliary Territorial Service (ATS) was the women's branch of the British Army during World War II. The ATS was responsible for providing women with the opportunity to serve their country in a non-combat role.

ATS served in a variety of roles, including clerical, medical, and transportation. They also served as cooks, bakers, and mechanics.

The ATS was a huge success. By the end of the war, over 200,000 women had served in the ATS. The ATS was disbanded in 1949, but its legacy continues today. Women continue to serve in the British Army in a variety of roles.

#### **Chapter 5: The Women's Land Army**

The Women's Land Army (WLA) was a group of women who worked on farms in the United Kingdom during World War II. The WLA was responsible for ensuring that the country had enough food to feed its population. WLA members worked in a variety of roles, including planting, harvesting, and driving tractors.

The WLA was a huge success. By the end of the war, over 200,000 women had served in the WLA. The WLA was disbanded in 1949, but its legacy

continues today. Women continue to work in the agriculture industry in the United Kingdom.

The women who served in the armed forces during World War II made a significant contribution to the war effort. They served in a variety of roles, from nurses and drivers to pilots and spies. Their stories are inspiring and their legacy continues today. Women continue to serve in the armed forces of many countries around the world.

This book is a great way to learn about the history of women in the military and the important role they played in World War II. Perfect for 4th grade children, this book is a must-read for anyone who wants to learn more about this topic.
